

NFT House Marketplace Project

Welcome to our NFT House Marketplace where you can buy and use NFT Houses Contracts. Explore the exciting features and functionalities we have implemented.

● by Emanuele Bashuri

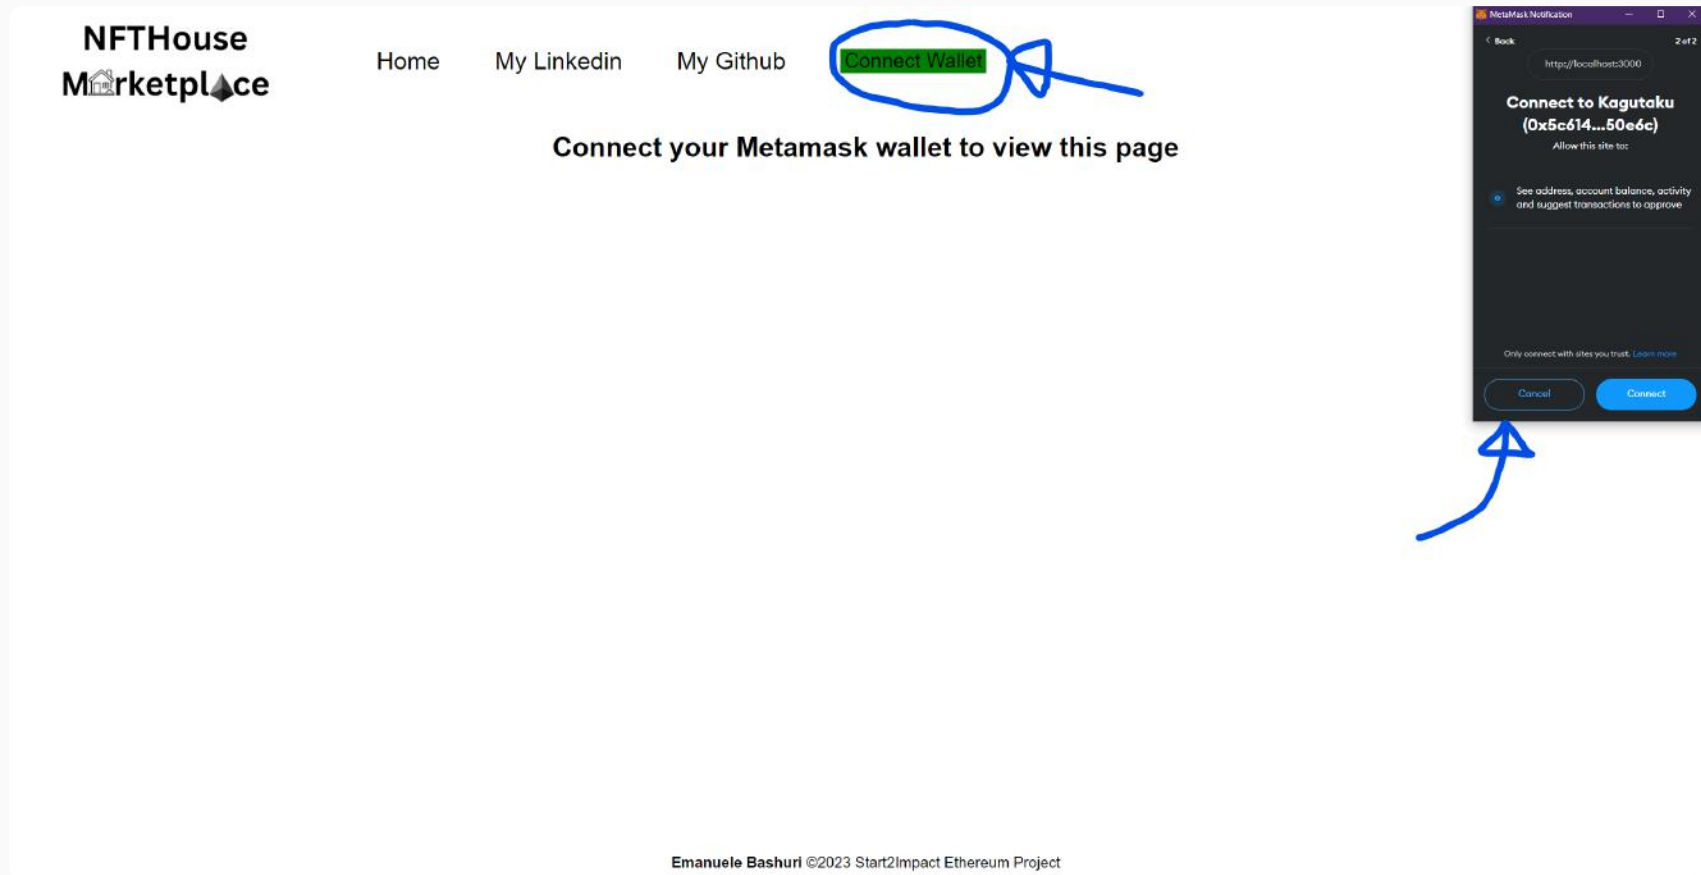

Website Home Page

Our website's home page serves as the gateway to the NFT House Marketplace experience. It showcases an intuitive interface, inviting users to explore the world of Blockchain NTF Real Estate.

Crypto Wallet Integration

Connect your crypto wallet, such as Metamask or Rabby, seamlessly with just a click of a button. This integration ensures secure and hassle-free transactions when buying or using NFT houses.

Dashboard Page

Keep track of your wallet balance and manage your NFT House Contracts with ease. The dashboard page provides you with a comprehensive overview of your financial status and the NTFH contract addresses.

An Example On Buying/Using/Importing on Metamask our NFT House Contract

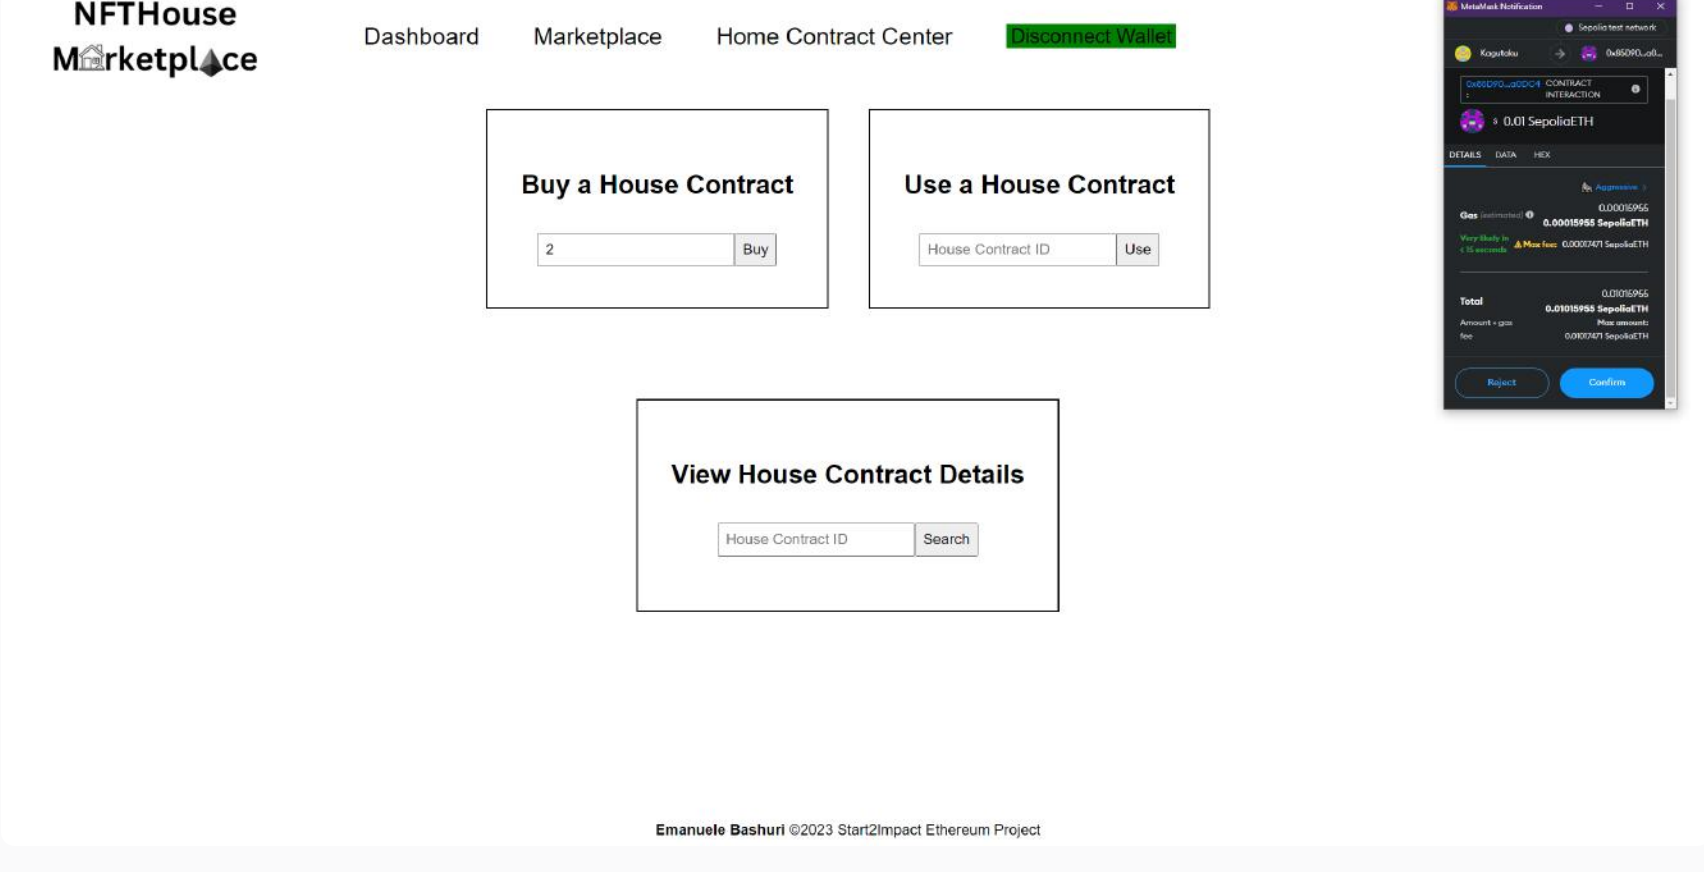

Watching on the marketplace for our NFT House Contract choice:

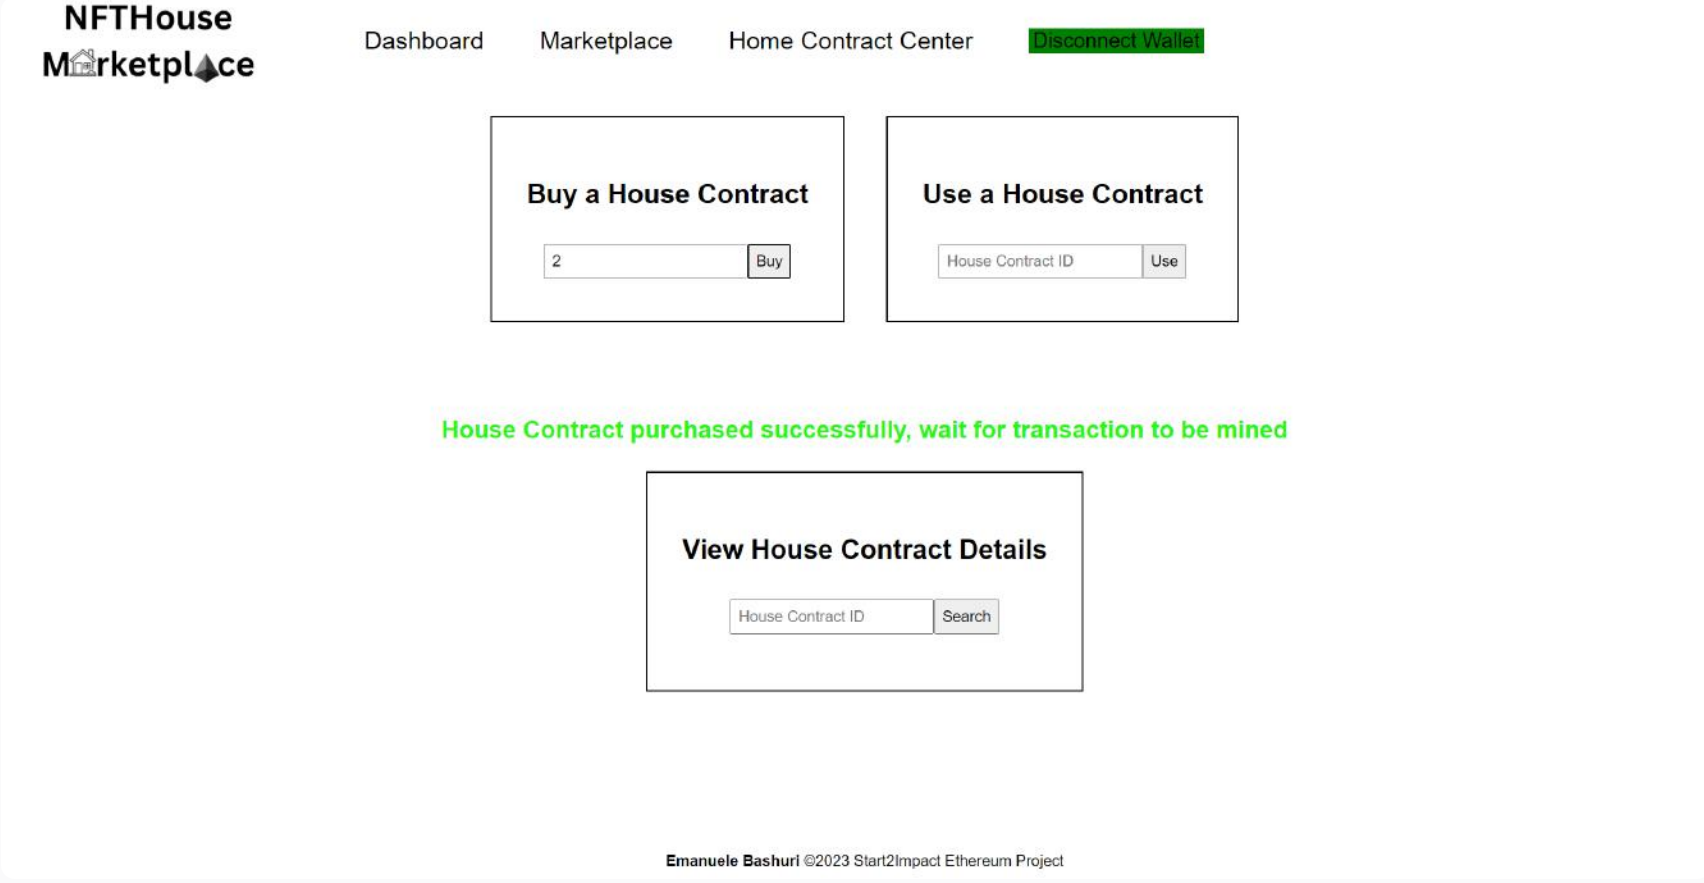

Writing the NFT ID on the home contract center on the "Buy a House Contract" Section

Making a confirmation on Metamask to buy the House Contract

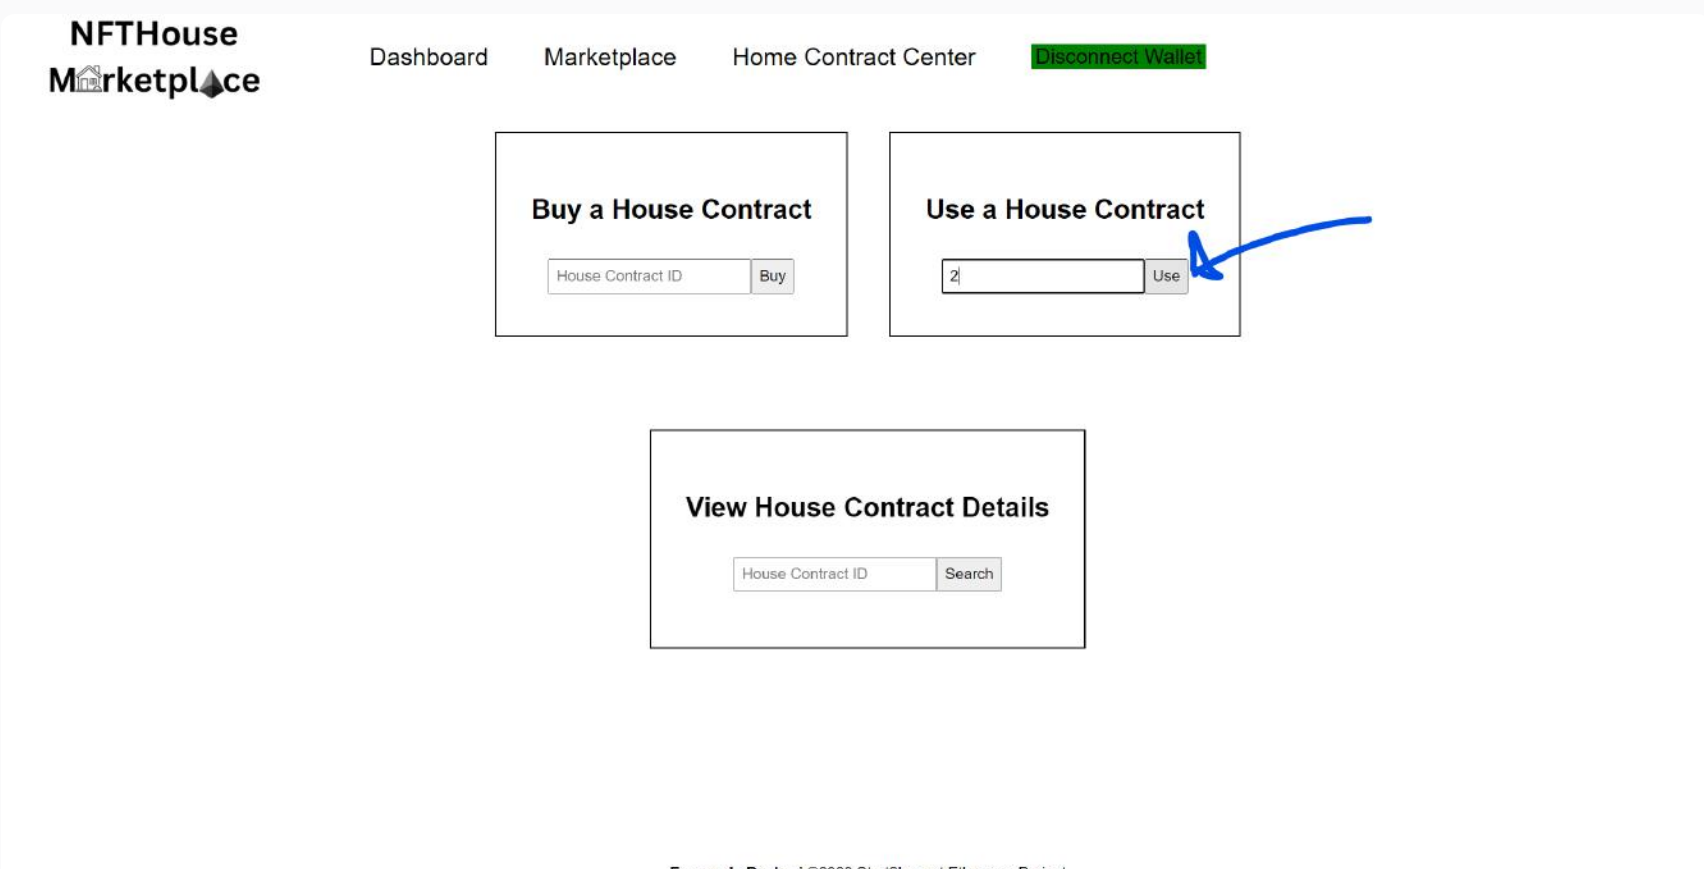

Confirmation Page after clicking "Confirm" on the Metamask Transaction

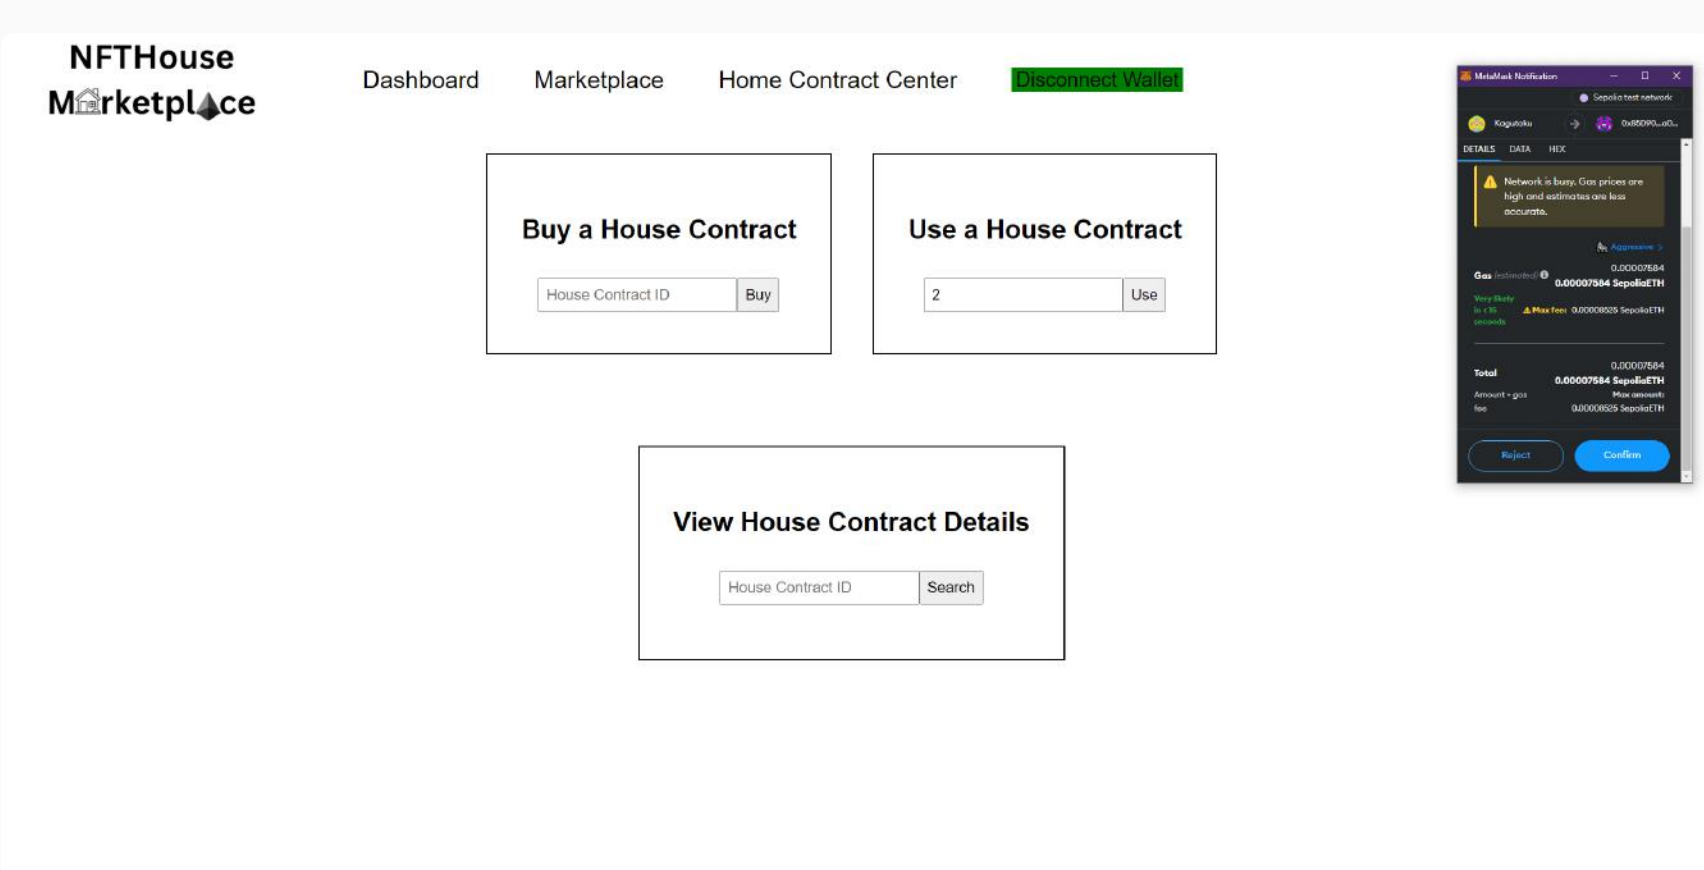

Viewing details about House Contracts by putting their ID

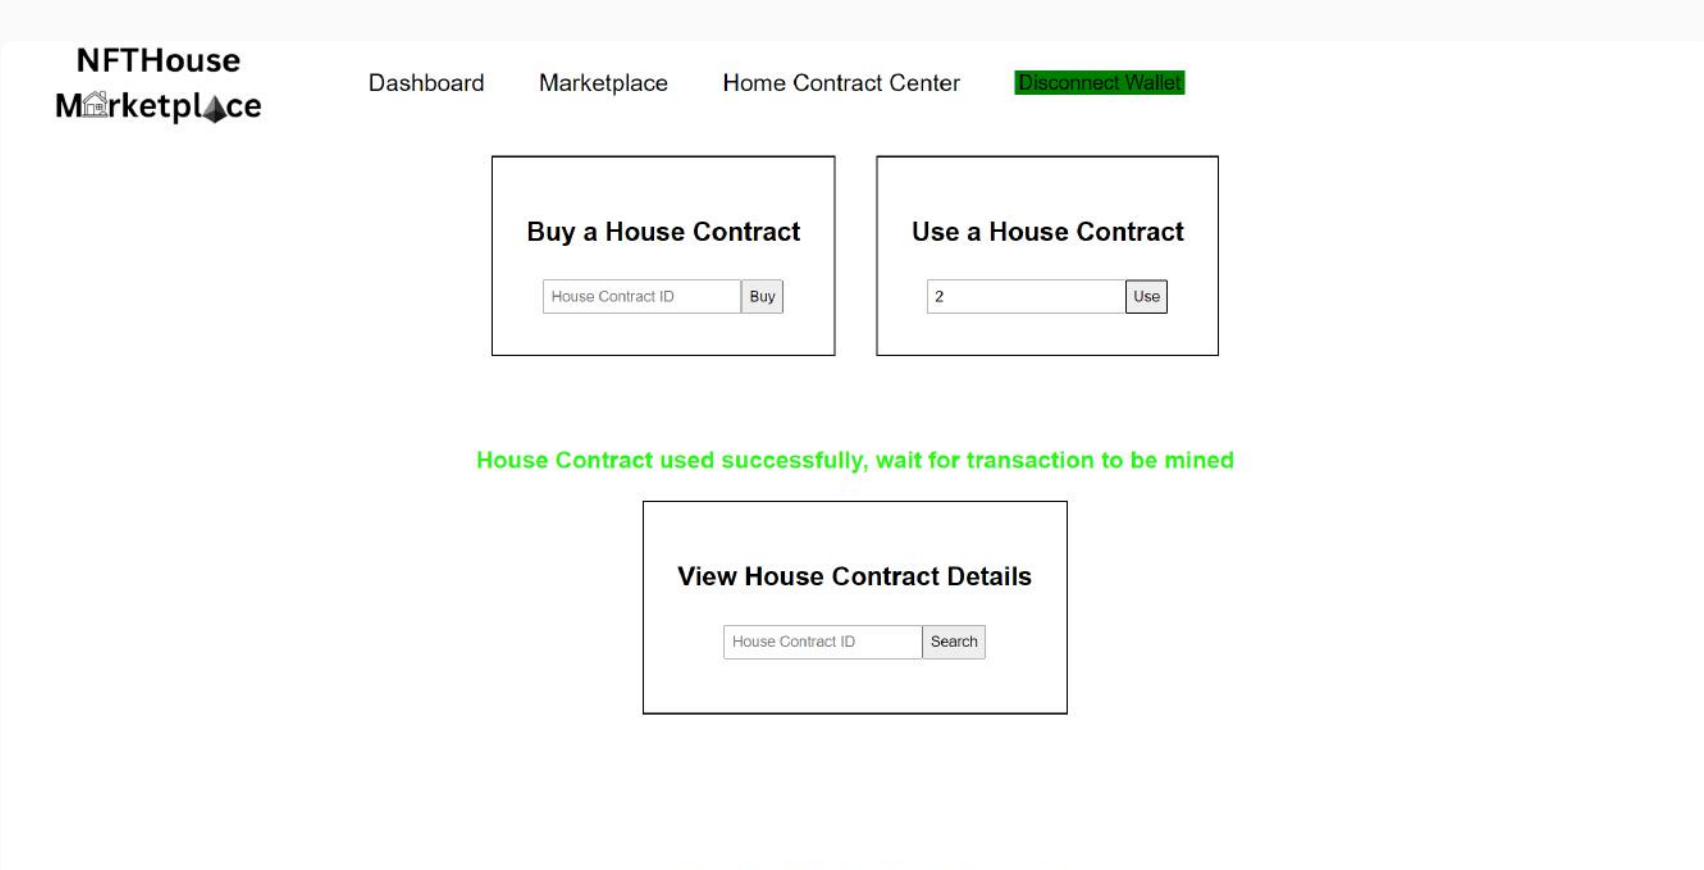

Using a House Contract on the "Use a House Contract" section

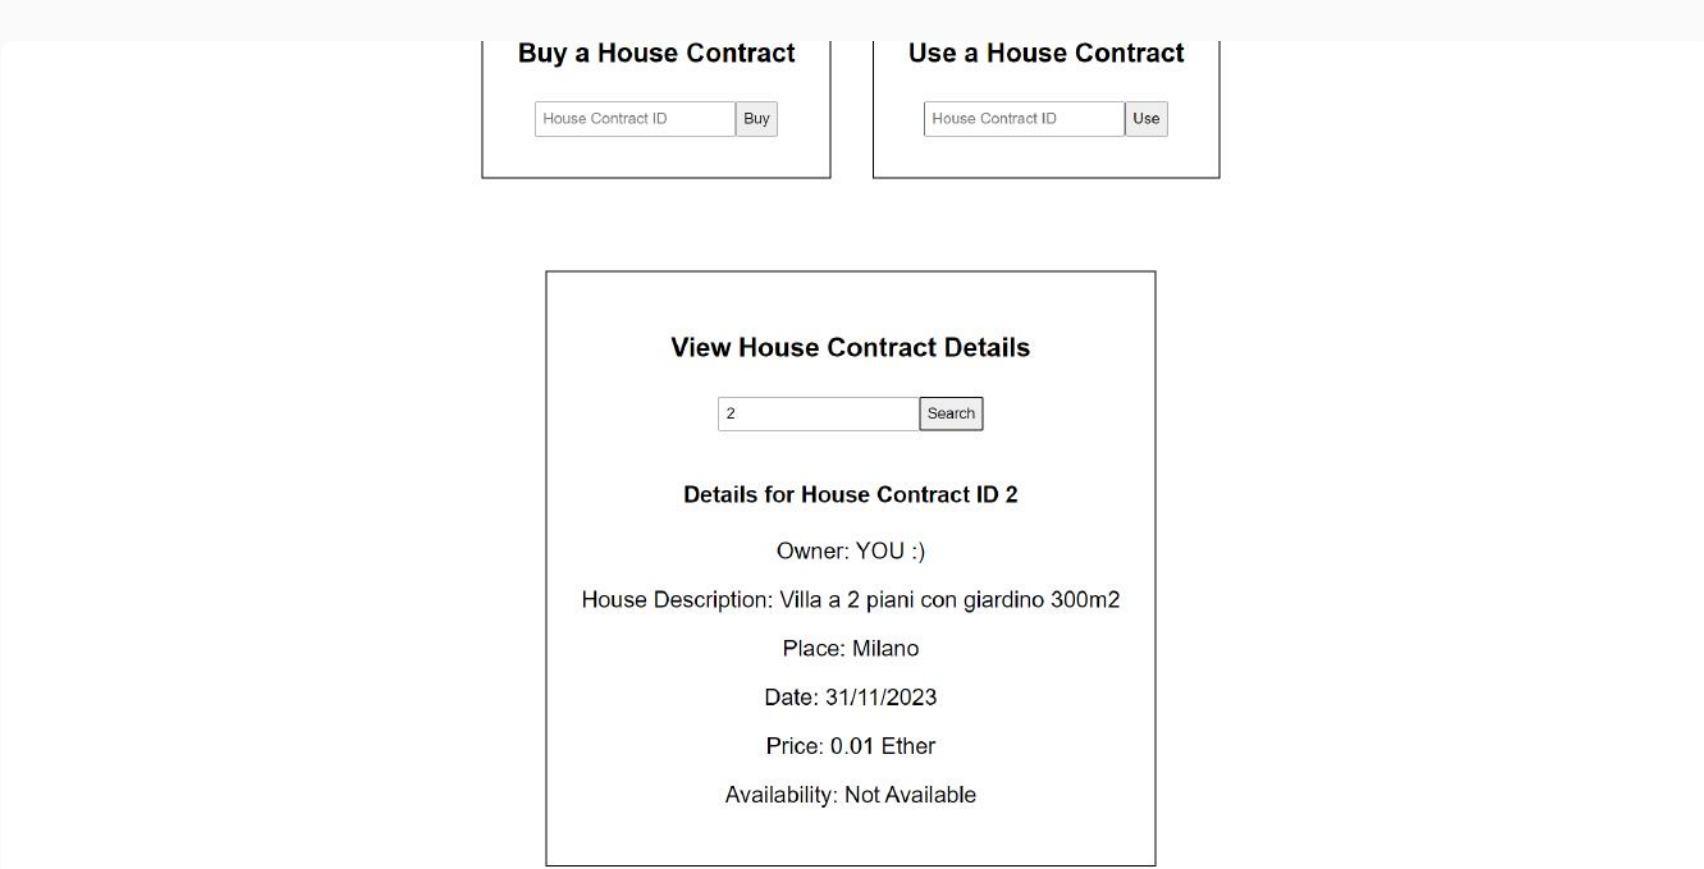

Metamask Transaction confirmation on using the House Contract NFT

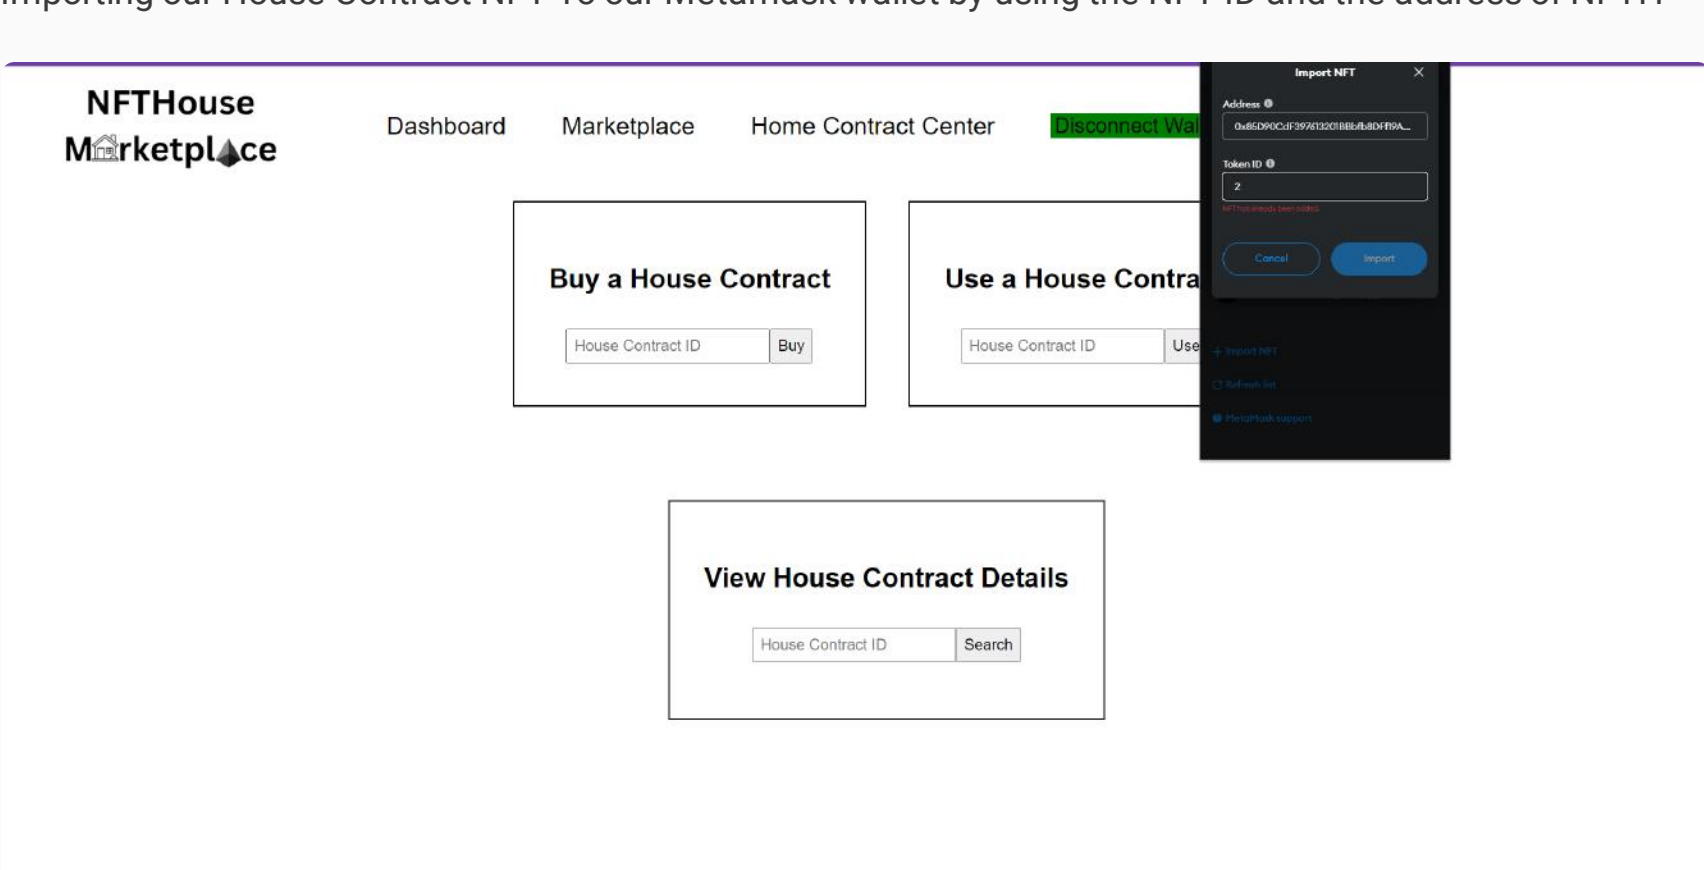

Confirmation page of using the House Contract after the Metamask Transaction confirmation

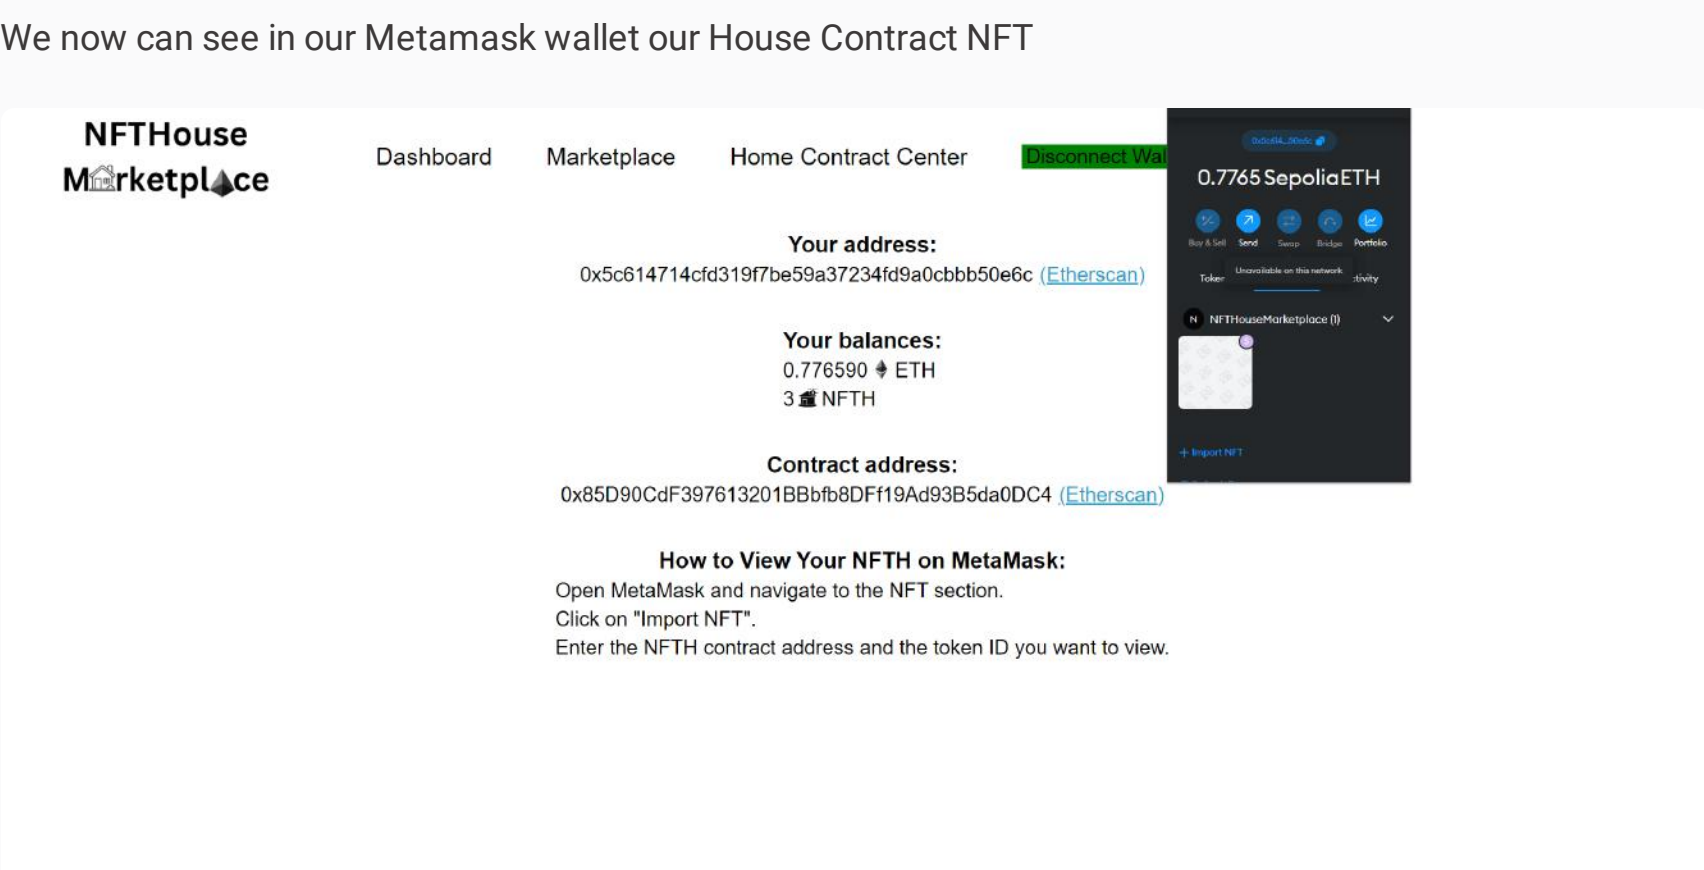

Viewing that we used our House contract with the "not available" writing phrase

Importing our House Contract NFT To our Metamask wallet by using the NFT ID and the address of NFTH

We now can see in our Metamask wallet our House Contract NFT

Future Implementations

At our NFT House Marketplace, we are committed to continuous innovation. Stay tuned for exciting upcoming features, including the ability to trade house contracts within the platform and other groundbreaking updates.

Thanks for Viewing!

We appreciate your time exploring our NFT House Marketplace. To learn more and get involved, visit our GitHub project repository. Join the digital real estate revolution today!
